On **November 17th, 2011** our state will come together for **Nevada's Big Give,** 24 hours of online giving to benefit Nevada charities. Very simply, **Nevadans will unite to give where they live**.

Nevada's Big Give is a one-day, online event that encourages all Nevadans to contribute to charities of their choice through our online giving platform. Nevada's Big Give is patterned after Minnesota's Give to the Max Day, done in past years, but our day will benefit only nonprofits in Nevada. This statewide campaign is coordinated by NevadaGIVES, a nonprofit organization that promotes philanthropy.

Nevada's Big Give is offering several incentives to inspire nonprofit and donor participation in the day of giving. Read below for the list of exciting awards! **You must register your nonprofit at www.nvbiggive.org and set up your landing page to be eligible for these awards.**

NevadaGIVES will provide prizes during the **Nevada's Big Give Campaign on November 17 as follows:**
